

NOTICE TO ALL PREQUALIFIED SUPPLIERS

MANDATORY REGISTRATION ON THE E-GP SYSTEM

This is to notify all prequalified suppliers that, in line with government procurement regulations, all procurement and disposal opportunities will now be processed through the Electronic Government Procurement (E-GP) System.

All prequalified suppliers are therefore required to register and activate their accounts on the E-GP System in order to continue accessing and participating in procurement and disposal opportunities with Kenya Railways Staff Retirement Benefits Scheme.

Failure to register on the E-GP System will result in inability to access tender opportunities.

For registration guidelines and support, please visit: egpkenya.go.ke or contact +254 202252299.
